## Zaxis Offers Solutions for Your Automotive Leak Testing Needs

The automotive industry is ever-changing and competition is fierce. Zaxis is here to ensure your automotive components pass the test. Whether you are leak testing electronics, fuel injectors, transmissions, carburetors or filters, Zaxis can provide a unique solution that fits all of your leak testing requirements.

# Isaac<sup>HD</sup>

The Isaac HD air leak tester offers a large full-color graphic display and outstanding signal processing for unparalleled test stability and repeatability.

The Isaac HD is particularly well-suited for such air leak tests as:

- Pressure/vacuum decay
- Mass flow
- Pressure cracking
- Burst pressure
- Valve cracking pressure

Zaxis combined industry leading performance and flexibility into a single product, the Isaac HD. The Isaac HD offers unparalleled test stability and repeatability.

To learn more about the Isaac HD air leak detector, visit the [Zaxis Isaac HD](#) web page or contact Dixon Engineering & Sales Co. or Zaxis leak detection experts to help you with a quotation.
